INVITATION

11 – 15 MARCH 2018

Dear Sir, Madam
We are pleased to invite you to our next InFusion certification training.
This session will take place in our Dubai training facility in United Emirates
from **11 – 15 March 2018.**

Solid training is the key to the success of our exclusive network of Vantage
integrators, our courses will provide you with the technical knowledge
needed to install, program and maintain your Vantage projects.

Are you an existing or prospective dealer, integrator, designer, architect,
programmer or other lighting and home automation professional, then sign
up for the training now and we will confirm your subscription as soon as
possible.

Don't hesitate to contact us for additional questions or remarks.

We look forward to welcoming you here!

Kind regards

Steve Smet

Infusion Certification Training Program (5 days)

Dear Sir, Madam

Solid training **is the key to the success** of our exclusive network of Vantage integrators, our courses will provide you with the technical knowledge needed to install, program and maintain your Vantage projects.
The course consists of three main sections.

1.
Hardware components, wiring and installation of Infusion Vantage systems. This enables the attendee to recommend, install and connect complete systems.

2.
Project layout and design utilizing Vantage's current design tools.

3.
InFusion Design Center software to allow the attendee to develop the programming and troubleshooting skills necessary to program, test and finalize any project.

Kind regards

Steve Smet
Manager - Projects & Services

Training Program (5 days) overview

SUNDAY	MONDAY	TUESDAY	WEDNESDAY	THURSDAY
Introduction System overview (PPT1) DIN Controller DIN stations	Questions & answers Project example Different procedures LED states	Questions & answers Timers Advanced Programming Shutters/blinds …	Questions & answers A/V overview (PPT 4) Audio & Video integration	Questions & answers Library objects IR zones Host commands Diagnostics Reports Replacement
BREAK 10:30 – 10:45				
System overview (PPT 1) Keypad stations, and software	EQ 40 Multiple procedure tasks Conditional programming	Sensor overview (PPT 3) Sensor workshop Motion sensors Light sensors	Design Center demo - Infrared drivers - Serial drivers - IP drivers Driver wizard & Driver designer Intro	How to quote and order a Vantage project? (PPT6)
LUNCH 13:00 – 14:00				
Introduction in Design Center Building up a structured file Styles and profiles Ethernet set-up	Graphical user interfaces Overview (PPT 2) Widgets EQ73 hands on	Programming with Variables Examples + exercises	HVAC & 3th party integration overview (PPT 5) HVAC integration InterfacePoints	
BREAK 16:00 – 16:15				**InFusion Certification Exam**
Configure stations Download and testing Procedure wizard Task editor	EQ73 continue System overview (PPT 2) Equinox applications - iPad- iPhone free designable layout intro	Multiple Variables types Boolean, number, task, load, level, delay, … LED modes	Temperature widget Temperature sensor Vantage objects	

Infusion Certification Training Details

Before the training commences, I would like to provide you with some important details:

1. TRAINING LOCATION

Your training week will take place at the following location:

Novotel Hotel Al Barsha
opposite Sharaf DG Metro Station, Sheikh Zayed Road Al Barsha,
P.O. Box 450011, Dubai, United Emirates
Tel. No. +971 4 304 9000

The course duration is 5 days.
You will receive a confirmation once subscription is validated.

2. DAILY PROGRAM

9.00 am: start of training
13.00 pm: lunch
14.00 pm: training
18.00 pm: end of training

(!) Don't forget to bring your personal computer!

Technical knowledge prerequisites
• Full familiarity and fluency with Windows®
• Installing and running programs
• Understanding tree structures

Recommended PC configuration
• Laptop with Windows® Operating System
(2.2GHz processor with 2GB RAM)
• USB port
• Ethernet port
• Design Center 3.7 Installed

Kind regards
