

the *keypad* collection
beauty *meets* brains

bring *lighting to life*
with elegance and simplicity

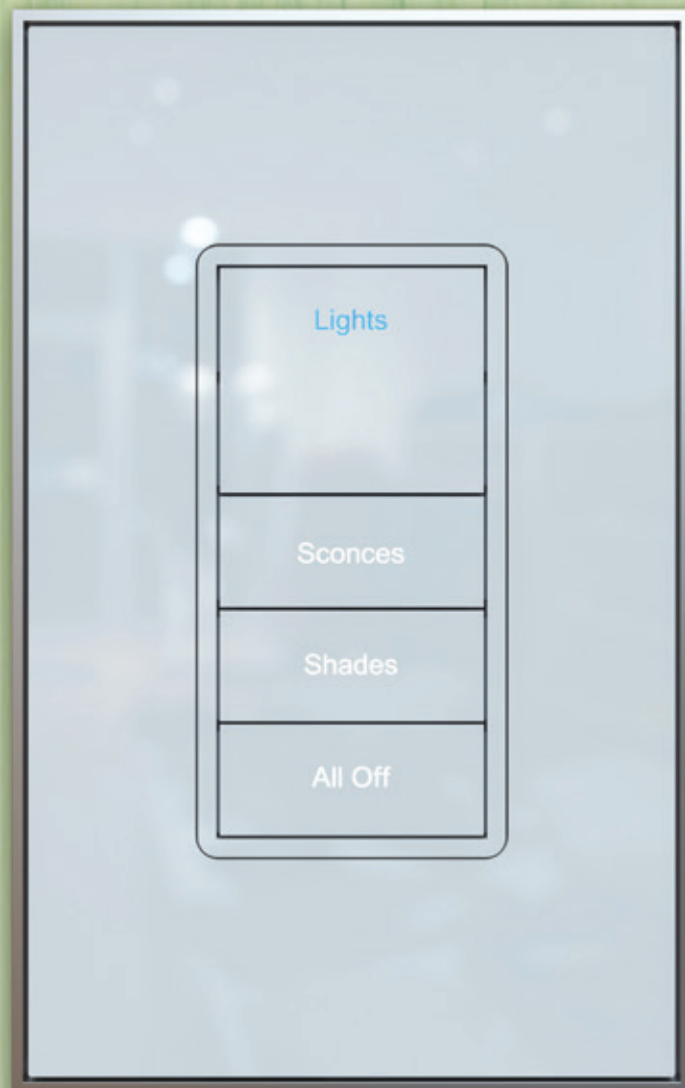

From our classic keypad styles to our modern LCD keypad and *adorne*® aesthetic to the new EasyTouch Glass exquisite finish, the Vantage collection provides unlimited possibilities while maintaining a consistent aesthetic.

Mix and match designs and button styles with our unique finishes to ensure your system fits your life and mirrors your personal style; then add style-consistent wiring and AV connectivity devices from Legrand.

EasyTouch Glass *features*

- Backlighting automatically adjusts based on time of day
- Easily see which scene is selected based on backlit button color or intensity
- Highly reflective, glass-like look with smooth touch tactile surface for a one-of-a-kind aesthetic
- Inner-surface ink layering process ensures consistent color definition and reflectivity
- Style-consistent wiring and connectivity devices available
- Elegant, clean lines with no unsightly screws

Equinox 40 *features*

- Continuous glass LCD and intuitive graphical user interface
- Mini-widgets combine the functionality of thermostats, lighting, and shading control
- User-defined and integrator programmable scenes automate one-button control
- Swipe to reveal three profile pages based on person, time, function, or room
- “No touch” scene can be programmed to activate with motion

adore® keypad *features*

- Backlighting automatically adjusts based on time of day
- Easily see which scene is selected based on backlit button color or intensity
- Stunning, capacitive touchscreen — simply tap the screen to turn lights on and off
- Fluid, intuitive functionality
- Style-consistent wiring and connectivity devices available
- Elegant, clean lines with no unsightly screws

looking for an
extraordinary
wireless solution?

From contemporary to artisan, create a style for every décor. Whether you prefer clean lines with bold finishes or romantic details with touches of subtle elegance, we give you the tools to illuminate the home of your dreams.

Whether for a retrofit, remodel, or renovation project, our wireless dimmers and keypads offer a consistent aesthetic in a “no-new-wires” solution.

universal dimming station features

- Precisely dims and controls forward- or reverse-phase lighting load types
- Backlighting automatically adjusts based on time of day
- Easily see which scene is selected based on backlit button color or intensity
- Two-step painting process ensures consistent color definition and reflectivity

ideas for the perfect lifestyle
design born from experience

With over 35 years in the industry, Vantage truly sets the bar for whole-home automated lighting control. At Vantage, our range of designs are born from blending a deep understanding of the real-life experiences of system users, advances in technology, materials, finishes, and the creativity gained from decades of experience. Our solutions simplify your life, while reflecting your unique style through complete personalization and customization of your keypad selections.

1 { *choose* LCD, adorne®, EasyTouch, or classic keypad

2 { *choose* wireless or wired keypad

LCD

With a minimalistic on-wall presence, the Equinox 40 LCD keypad maintains a signature Vantage aesthetic, while delivering complete room control through a unique single layer programmable interface.

The adorne® Collection

A large selection of wall plate styles featuring capacitive touch buttons with Vantage technology behind the scenes provides consistent control with a distinctive on-wall aesthetic.

EasyTouch Glass and EasyTouch II

Choose from a wide array of finish options and button styles for complete personalization. Buttons are fully programmable for customized scene control.

Classic

Looking for something retro or to grow an existing system? Choose from our classic finish options and button styles. Buttons are fully programmable for customized scene control.

Wireless

Our wireless solution provides reliable “no-new-wires” lighting control for retrofit and light remodel projects, with a complete selection of keypad and faceplate options.

Wired

Our wired solution is the simplest, quickest, and most reliable option for new construction and major remodel projects. Select and personalize keypad and faceplate options independent of the project type.

3 { *determine* your faceplate design

TrimLine II and TrimLine II Glass

The TrimLine II design offers the most versatility, allowing you to select a trim finish that matches or accents your faceplate finish. New Trimline Trims and Faceplates for EasyTouch Glass now available.

SoftLine

With gently sloping edges that blend into the wall, SoftLine is the perfect choice for a classic design style.

Align

The Align design employs dramatic right-angles and striking lines for a contemporary, polished finish.

The adorne® Collection

The adorne collection's range of stylish, high-tech solutions combines accessibility, flexibility, and intelligence to inspire creativity and enliven your living spaces to a whole new level.

4 { *select* a button style

EasyTouch II* and EasyTouch Glass*

EasyTouch II is available in one- to five-button configurations. This style features laser engraving and LED backlighting available in any color of your choice. New EasyTouch Glass now available.

*1, 2, 3, 4, 5 button configurations
**2, 4, 6, 8 button configurations
***1, 3, or 6 button configurations

RPTouch**

RPTouch combines functional enhancements, like LED backlighting in any color and laser engraving in true-type fonts, with an attractive, subtle design.

Square/FineTouch**

Perfect for traditional and contemporary homes, SquareTouch and FineTouch buttons are mechanically engraved with blue/red or green/red status indicators.

The adorne® Collection***

With the adorne collection's stunning, capacitive touch face, simply tap the screen to turn lights on and off. Backlit button color or intensity indicates scene status.
