# CUSTOMERS

With **HOMETOUCH**, customers have full control of the home

Without configuration, the device recognises MyHOME\_Up functions installed on the system and makes them immediately available.

Your customers can also customise home pages, setting **up to 20 favourite commands**, choosing among automations, scenarios and video door entry system functions.

In addition to the use of the touch screen, your customers will also be able to manage all the functions of the MyHome\_Up system and the video door entry system, both locally and remotely using their own Android or iOS Smartphones and the two Apps:

**MyHOME\_Up** for the smart home functions.

**DOOR ENTRY** for **HOMETOUCH** for video door entry functions.
